

Summer Pop-Up Series!

We are trying something new this summer and want you to try it with us! Our Group Exercise Instructors are hosting “Pop Up” classes at the centers. Some classes are styles that they teach often, and have some spare time in their summer schedule to add another class week to week. OR some classes are new formats they would like to try and see if there is interest for a regular class to put on the schedule in the future.

We hope you will “Pop In” to a class or two or more this summer!

Here are the Pop-Up classes happening soon:

At the Chelsea Wellness Center:
